# Tech Talks

Join us on the Tech Talk Stage in Halle C to bridge the gap between industry and academia with our rapid-fire Tech Talks. In just 12 minutes, companies dive into today's technical challenges and the solutions they've built. These sessions serve as the perfect industry complement to academic posters and presentations.

# Innovation Stage

The Industrial Activities Board (IAB) is hosting the Innovation Stage as a dedicated space for budding robotics entrepreneurs and those interested in ecosystem building and partnerships, along with a set of talks on Standards on Wednesday afternoon. This stage will showcase short talks from the Startup exhibitors, as well as seasoned experts. If you are facing startup challenges, slike preparing to manufacture for the first time or finding the right robotics companies to partner with, then this is a place to be. Come to the Innovation Stage to learn how to avoid some of the pitfalls and be inspired by those who have the scars.
